

November 2019

Letter from the Europe Regional Director

Dear DKG colleagues

Changes to the Constitution and the Standing Rules

As I mentioned in the letter in Euforia, there are a lot of amendments and changes that were sent to the Constitution Committee this autumn. These include changes in the Constitution and International Standing Rules (ISR) which are going to be voted on at the International Convention in Philadelphia in 2020. These amendments are all going to be published in the DKG issue for March/April with explanations and rationals. The Administrative Board read them carefully and have given their opinion on what they think will move us forward. I urge all of you to look at these amendments carefully as well, and to discuss them with your members. Members attending the convention in Philadelphia next summer will then have better knowledge of your view before they vote.

International Convention 2020

I hope you are coming to the convention this summer. We are still planning the Regional Breakfast and would love your input. Please send your ideas our way!

Euforia

We welcome our new editor to Euforia, Helga Thorlacius. She is as of now working on the next issue. We also should give our webpage a chance and post news there more frequently. How about writing about our meetings or projects, carry on the contact we made this summer?

Forum Committee

The Forum Committee met the first weekend of November in Tallinn. They will inform you about our discussions.

Leadership Seminar

I do hope you have encouraged your members to apply for the Leadership Seminar that will be held in Austin next summer.

Connection/ discussions

At our conference this summer I asked if I could carry on some of the discussions. It has been a dream of mine since I started to attend DKG conferences and conventions to use that venue for making bonds and then have ongoing conversations. I know some members are thinking of offering workshops at the convention 2020, some with subjects related to the discussions at our conference last summer. I think that is very positive.

Dear members of DKG in Europe, I wish you all a very peaceful advent .
