

August 2018 -2-

Letter from the Europe Regional Director

Dear State presidents in Europe

Now you are all planning your orientation meetings with your executive boards. The new chapter presidents are stepping into their first year and it is very important to give them a good start and encourage them to delegate the work of the chapter boards.

Involving members is one of the keys to good membership as well as good programs and having fun together.

Remember to involve your state board members and your committees if you have them.

Involvement

- board members
- committee members
- chapter members

Planning

- Dates of your chapter's meetings

Skype Meeting

- Meeting online in September/October

Planning. Have you been visiting your chapters? If yes, you will know how very important it is.

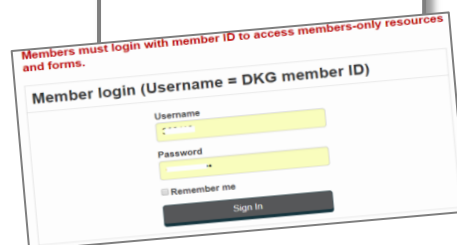

If it is difficult for you to do so, ask someone on your board. It is both very informative for your board as well as important for your chapters to get the connection.

Meetings online. Next week I will be sending you a request about dates for an online meeting. I will use Skype and send you information.

Join MyDKG

MyDKG. Have you all joined the MyDKG on the International Website? You use your DKG Member ID as a username. As a password you use *dkg2014society* and change it for your personal password.

We also have to encourage our members to join the European Facebook group. There we can also tell our success stories. Are you all on Facebook?

Ingibjörg Jónasdóttir
Europe Regional Director 2018-2020

Membership is based on involvement, let us connect!
