

August 2019

Letter from the Europe Regional Director

Dear DKG colleagues

The 2019 International Conference in Iceland with the theme Professional Research is now over and we had over 250 participants. The conference webpage is still open and you can find some information there. <https://dkgerc2019.weebly.com/>

We had 28 workshops, and 18 takeaways and are very pleased how many took part in almost everything, and the events were fully booked.

I have asked members if there is an interest of carrying on some discussion between conferences/conventions and have got some interesting comments. I will follow them up later.

New state presidents and boards are now preparing the next biennium and I am very excited to hear from you all. In most countries you have a board meeting this month so I just want to send you my best wishes and remind you of that we are all in this together. Also the chapters are preparing the program for the year and I am looking forward to hearing from you all.

I am planning to visit the countries I did not manage to visit last year and it does not necessary have to be at a state meeting. I would be very happy to meet your board and or some group or chapter. The most important thing is to meet with your members for discussions about our joint interests.

I also want to ask you if there are some questions about the new due methods or if you have some other problems.

Please keep on reminding members of joining the MyDKG on <https://www.dkg.org>

The European website

We have discovered that there are very few members who have subscribed to the mailing list for new materials on the webpage. Please remind members to do that. If we are going to keep the page more alive we will have to know that people read it. <http://www.dkgeurope.org/>

Any good ideas are well received!!

Ingibjörg Jónasdóttir
Europe Regional Director 2018-2020

Membership is based on involvement, let us connect!
