

OPPORTUNITIES, CONTRIBUTIONS, IMPACT

All in-coming officers 2021-2023 of the DKG Society start their first year of the biennium whereas all chapter presidents start their second year. It will be a collaborative teamwork based on the call of international president Becky Sadowski: opportunities, contributions, impact.

In August and in mid-September Europe in-coming officers were engaged in leadership trainings. There was the opportunity to participate virtually in international leadership training in Atlanta, but as we agreed with out-going state presidents in spring, the reflections of the Atlanta training were offered by Europe members in International Committees. Marianne Skardeus met with EEC chairs, Ingrid Stjernquist and Ingibjörg Jonasdottir with state presidents and membership chairs.

During virtual trainings state organisation presidents got knowledge how to build and lead their leadership teams, how to support and strengthen chapters and how to organise successful meetings.

DKG Europe is in good hands. New state presidents are motivated, full of enthusiasm and new ideas. They have already action plans how to guide their organisation, connect with chapter leaders and expand membership.

On the initiative of Europe Forum Committee Europe states will organise presentations for DKG members. The timeline is the following:

DKG Sweden – 2021 October

DKG the Netherland - 2021 November 20

DKG Germany – 2021 December

DKG Iceland – 2022 January

DKG Estonia – 2022 February

DKG Norway – 2022 March 9

DKG UK – 2022 April 23

DKG Finland - 2022 May

The themes, exact dates and (speakers) are chosen **by OCT. 1** the latest and published on dkgeurope.org website by October 7. I wish you inspiring ideas!

Margarita Hanschmidt
