Letter from the Europe Regional Director

Dear State presidents in Europe

This time there will be five [International Conferences](#) with different themes. The preparation for the **International Conference: Professional Research** in Reykjavik Iceland is in full swing. The steering committee has met a few times and we have just sent our potential topics to the HQ for approval. The information about the conferences will be published in the next DKG News. The topics we are working on are the 6 Cs or character education, citizenship, collaboration, communication, creativity and critical thinking.

We are also planning a **pre-conference** and more pre-conference activities and will discuss that i.e. at the Forum Committee meeting in Germany in the beginning of November. If you have some ideas please let us know. There will be possibilities for workshops and access for vendors. Application forms will be available soon and more information will be on our website in the next few weeks.

Skype meeting

16th October 2019

I am looking forward to our **Skype meeting**, sharing ideas, success stories, finding ways to encourage each other. This will hopefully bring us closer together and give you all the opportunity to connect. Unfortunately we could not find time where we all could meet, but we will do this again.

I encourage you to explore the international and European websites. The Facebook page is also good for spontaneous matters.

I do hope that you are all well and send my best wishes to the members in Europe.
